A TOLLER SENT TO PRISON FOR RIPOFF

CARMANVILLE.

The sleighing at present is fine, and times are lively.

A number of young folks from here attended the Centennial ball on the 14th February. They report a fine time. Carmenville generally has a good ball here they require some of our young men as managers. Mr. James Dillon ably filled his position this time.

Miss Margaret is slowly recovering from her serious illness under the doctor's careful treatment.

Furries are all the rage. Miss C. was at home to a number of her young friends on Sunday last.

We are enjoying fine weather and good sleighing.

Hauling wood and hay is the order of the day.

Visitors: Mr. and Mrs. Huffman at J. Carroll's; Mr. and Mrs. Henry Shier the guests of her mother, Mrs. J. Wilson; Mr. and Mrs. C. Wilson and Alice Perry, of Watertown, N. Y., at St. Wilson's; Rev. Mr. and Mrs. Bellamy, at St. Wilson's. A fine load of grain on Wednesday evening, Wilson was the driver. All report enjoying themselves.

MINTYBRES' CORNERS

weather, and quite a number of people are suffering with severe colds.

Oswald Sonder is having his bay pressed this week.

Walter Buck has purchased a fine horse from Dan Lemmon.

K. J. Mauer spent a few days last week visiting friends at Hamburg.

James Brown is hauling sand to Mill Haven to supply the school there.

Art and Wilson Buck were in Naples on Monday last.

David Aylsworth and wife spent Sunday visit-

at her father's, J.A. Francis's. The younger of the young folks attended singing school at the Union church on Wednesday evenings.

Mrs. Wilson Buck spent last Sunday visiting at her brother's, George Clark, Bath. Her conversation with her brother was so good, that Mr. McNeill couldn't get enough assistance to keep it going. The people are very sorry, but it was a benefit in them.

Edward Cook has moved in his new house.

Visitors: Mrs. R. L. Gilbert, of Fallow, and Mr. and Mrs. R. L. Gilbert, of Maple Lake, at W. P. Miller's; Sam McNeill, of Walnut Grove, at William Breen's; M. and Mrs. Charles Bell at the residence of Mr. and Mrs. J. C. Coleman, at Henry Cline's; and Mrs. Helen Babcock, of Okemo, at Axel Buck's.

Our legislators have enacted stringent

laws for the prevention of food adulteration, and as a result our people have been able to obtain the best of our population get value for their money.

It would be a boon to the women of Canada if the adulteration act applied to the use of dyestuffs. Dyestuffs are now sold in tins of thousands of homes, and too frequently adulterated. The adulteration is caused by use of adulterated dyes that should be prohibited by law.

For the past few long years have given the most complete satisfaction. They are the only reliable, pure and fast dyes for the purpose of dyeing the only package dyes that stand the most critical chemical tests.

Diazotized dyes are sold by all up-to-date druggists and chemists. If you meet a dealer who recommends some other make of dye, pause before you buy from him. He is not a druggist, looking only for big profits; he has no regard for your success and comfort.
